A Happy and Prosperous New Year To All

Severe Storm Experienced in 'Pass

Department of Highways crews fought a tough battles against the weather during the past week when over two feet of snow fell in the area. Strong winds caused deep drifts and some of the drifts around Crows Nest Lake were up to 15 feet in height.

RCMP Police of the Blairmore detachment stopped all west-bound traffic on Wednesday afternoon from noon to 4:00 p.m. to give the road crews a chance to clear the highway.

Meanwhile town crews were out for long hours trying to clear the streets and avenues of travel, free of the snow so that in case of fire or emergency, the roads would be open. Complaints are being registered against persons leaving their

cars and trucks on the street, making it very difficult for snow clearing equipment to do a decent job. The drivers of the snow removal equipment experience great difficulty steering around parked units and thus are not able to clean the streets properly.

Owners of vehicles are urged to keep their cars in garages or at least keep them completely off the street to facilitate snow removal.

Strike Stall Sought

(Lethbridge Herald)

CALGARY (cp) — Bill Ure, president of District 18 of the United Mine Workers of America, said recently he is "hopeful" that negotiations can be re-opened with the Western Canada Coal Operators Association to head off a threatened strike by about 1200 miners at mines in southern Alberta and south-eastern British Columbia.

FAVOR ACTION

Miners at Canmore Mines, Lethbridge Collieries and Coleman Collieries in Alberta and at the Crows Nest Coal Company in Fernie, B.C. and at Michel, B.C., voted 80 per cent in favor of strike action in a government-supervised vote, announced Friday by the Alberta Board of Industrial Relations.

The vote came after the men had rejected an earlier conciliation board recommendation of an increase of 55 cents daily in 1964 and another 55 cents in 1965. The union, which asked for an increase of \$2.00 daily over a two-year period plus two extra statutory holidays and fringe benefits, said the recommendation was inadequate. The coal operators association had accepted the recommendation.

Skilled miners now receive a basic daily rate of \$16.15 and unskilled employees at the mines who work outside receive a basic daily rate of \$15.27 and others work at an undisclosed piece rate that varies from mine to mine.

The piece rate is on a per ton basis. Mr. Ure would not disclose the rate.

Legionaires Win Over Lethbridge

The Coleman Legionaires played host to the Lethbridge Sugar Kings on Saturday, December 12 when the Medicine Hat Cantalinas could not make the trip for the game they were scheduled for.

The Legionaires edged the game with a score of 6-5. Gary Gentile scored the winning goal with less than four minutes remaining in the game. Besides Gentile, the other scorers for the Legionaires were Romeo Beveloque, Ken Myles and Dick Koenigs, each with singles.

Lethbridge scorers were Keith MacDonald, Gary Patience, Don Bruchet and Jim Dundas with solo markers.

Some 200 fans were in attendance at the game. The officials handed out 21 penalties. The Sugar Kings received 8, Coleman 13.

Legionaires are scheduled to play the Okotoks Oilers on Saturday, January 2nd and Sunday, January 3rd. Through different reports, the Oilers are said to be a fair team.

Those games should prove to be good, so let us watch hockey on Saturday and Sunday and turn out and support our team.

Pythian Sisters Hold Christmas Party

The Pythian Sisters and their families held their annual Christmas party on Friday, December 18 in the I.O.O.F. hall.

Games and lunch were enjoyed by all and the children received gifts from Santa Claus.

MACHINE DOCTOR — Cfn. Stephen Vrskovy of Coleman, Alberta, supervises the repairing of a typewriter by a local technician in the instrument section of No. 56 Canadian Infantry Workshop, Royal Canadian Electrical and Mechanical Engineers at Camp Rafah, Egypt. Cfn. Vrskovy was formerly a member of the 2nd Battalion, Princess Patricia's Canadian Light Infantry, before transferring to RCME in 1962.

'Pete' DeGroot Passes Dec. 15

Friends in Coleman will be sorry to learn that Peter William DeGroot died in Calgary on December 15th after a very brief illness. Requiem High Mass was celebrated from St. Michael's Catholic Church at 10 a.m. on December 16th, and interment was made in St. Mary's Catholic cemetery. McNelis and Holloway were in charge.

Prayers were said at Park's Memorial Chapel at 7:30 p.m. Thursday.

"Pete", as he was better known by his many friends in the Pass, was 58 years of age, and was born in Russen, Holland. He lived in Pincher Creek from 1924 to 1939, when he moved to Coleman.

During his 16-year stay in Coleman he operated a trucking business and also "Pete's White Rose Garage".

He moved to Calgary in 1966, where he worked as secretary for the Little Chief Express Company. He was a member of St. Michael's Catholic Church.

He is survived by his wife Llane; one son, William Peter; two daughters, Mrs. S. (Elizabeth) Ostowy, all of Calgary and Mrs. Ted (Connie) Michalsky of Coleman; 13 grandchildren and one brother Adrian in Pincher Creek.

Fire Causes Heavy Damage

Fire of undetermined origin caused extensive damage to the interior of a four-room, frame home owned by Mrs. G. Elsaschuk of East Coleman on Tuesday, December 15th. The fire occurred around 5:30 p.m.

The house was occupied by the Westley Bowman family, who lost all of their personal belongings in the fire.

Mr. Bowman was at work and Mrs. Bowman is a patient in the Crows Nest Pass Municipal Hospital.

The Coleman Fire Brigade's immediate response to the call prevented the fire from totally destroying the home.

Victoria Rebekah Lodge Holds Christmas Party

Victoria Rebekah Lodge No. 7 held their annual Christmas supper on Saturday evening, December 19th in the I.O.O.F. hall.

A turkey supper was enjoyed by all, after which "Christmas Carols" were sung, led by Mrs. Alf Phillips and accompanied at the piano by Mrs. W. Hopkins.

Whist was then played, honors going to Mrs. M. E. Cornett and Mr. J. Yates.

New Year's Message

The Honorable E. C. Manning

As we enter another New Year, I welcome this opportunity to extend to all citizens of Alberta sincere good wishes for health, happiness and prosperity in 1965.

Looking back on 1964, we have much for which to be thankful. Alberta has again maintained its leadership in economic expansion and social progress. Practically all phase of our economy showed substantial gains. The orderly development of our natural resources has continued with revenues from mines and minerals setting new records from which all our people will benefit.

Wholesale and retail trade continued an upward trend and construction held steady.

While unfavorable weather conditions adversely affected a number of areas, the farm income picture was helped by the export of large quantities of grain to foreign markets.

Northern Alberta became a focal point of economic growth during the past year. The completion of the Pine Point Railway and the commencement of the multi-million dollar McMurray tar sand project were achievements of major importance, not only to the northern areas but to Alberta as a whole.

On the national scene, the absence of political stability in Par-

liament has impaired the progress of the nation's business, while Confederation has been subjected to severe strains arising from racial and sectional interests. The solution to these problems will require wise statesmanship on the part of national leaders and the united interest and support of the Canadian people as a whole.

Negative criticism and obstructionism must give place to objective analysis and positive co-operative action if Canada is to achieve the strength and greatness of nationhood, of which she is capable.

On the international scene, many major problems remain to be solved. The magnitude of these problems is such that they cannot be solved by human ingenuity alone. To attain the peace and security we crave, the peoples of all nations must recognize our human frailties and limitations and recognize our individual and collective dependence on the sovereign God with Whom all things are possible. That men and nations will choose that one remaining sure hope for a better world should be our fervent prayer as we enter the New Year.

Personally, and on behalf of the Government of Alberta, I wish you God's richest blessing throughout 1965.

Pass Couple Married In Victoria

St. James United Church in Victoria, B. C., was the setting for the evening wedding when Miss Lillian Peressini, daughter of Mr. and Mrs. Armando Peressini, of Blairmore, was joined in marriage to Second Lieut. Kenneth James Radley of Victoria, son of Mr. and Mrs. James Radley of Coleman. The service was performed by the Rev. H. T. Allen.

Given in marriage by her brother T.M. of Blairmore, the bride wore a two-piece winter white suit and carried a bouquet of red roses.

Attending the bride was Miss Pat Hushala of Calgary, and formerly of Blairmore, who wore a green sheath and carried red roses.

Attending the groom was second Lieut. James O'Brien of Victoria.

A reception for the immediate members of the family and bridal party was held at the Princess Mary Restaurant.

The young couple have taken up residence in Victoria where Lieut. Radley is stationed, with the 1st Battalion, Queen's Own Rifles of Canada, at Work Point Barracks, Victoria.

Attending the wedding were Mr. and Mrs. James Radley of Coleman; their daughter Fay of Lethbridge; Tim Peressini of Blairmore, and Pat Hushala of Calgary.

Civil Servants Hold Party

Close to 100 Civil Servants' Association members of Branch No. 9 and their guests enjoyed a Christmas party in the Coleman Elks hall Saturday evening, December 19th.

At the conclusion of a turkey supper master of ceremonies Joe Hanrahan, who is president of Branch 9, called on Bernie Robitka, secretary of the Department of Public Works to present Cecil Coover with his 20-year membership button. Mr. Coover, who is in charge of the Alberta Government Liquor Store at Blairmore, ably expressed his thanks.

Short addresses were then given by Mayor John Holyk, Alf Longworth, superintendent of the Blairmore Forestry offices, and Joe Carwright of Blairmore, who has now taken over the duties of foreman for the Coleman Provincial Government Department of Public Works.

An evening of dancing was then held with music being provided by Goodwin's orchestra.

Facts do not cease to exist because they are ignored.

The greatest ability is dependability.

OF MANY THINGS (By Ambrose Hills)

Some Guesses About Canada in 1965

1965 could be one of the most important years Canada has ever known. There are tremendous opportunities.

United States rejected the right-wing led by Barry Goldwater. He asked the people to sacrifice too much, and he scared many of them, for they were led to believe that he would be quick on the trigger. However, it is likely that the victors will interpret the rejection of Goldwater as acceptance of Big Government. I believe they are wrong in that assessment, but nevertheless the United States is likely to move further left during 1965, and there will be a constant upward drift in prices.

England, not surprisingly, knocked out the Conservatives. It was a government grown old, rocked by terrible scandals, and trying to buy its way back into the good wishes of the people. Labor, however, will interpret its victory as acceptance of socialist ideas. I believe they are wrong -- that it was a protest against a bumbling government -- but just the same, the U. K. will move left during 1965. Productivity will decline and shortages, and price increases will prevail.

If Canadians can keep their heads while all about them other nations allow their prices to escalate, they should be able to gain some pretty strong footholds in the market places. If Canadians sit tight, even for one year, and hold the line on costs, their opportunities are tremendous.

This does not mean that there cannot be increases in wages. It simply means that when wages are increased, productivity should be increased at the same time. It doesn't mean that welfare plans that are working should be dropped. It does mean that we might well improve present schemes before launching new ones.

Even with very responsible government, sensible labor demands, and good management, prices are likely to go up. Already, there are built-in costs due to existing plans which increase in cost all the time. And living next to the U.S.A., we will feel the effect of their inflated economy.

In spite of this, Canadians, if they act moderately, can make some tremendous gains in 1965.

Cheques Mailed Out To

Auxiliary Hospitals

Cheques totalling \$2,092,014 were mailed out on November 26, 1964, to the active treatment and auxiliary hospitals throughout Alberta, by the Department of Public Health. This payment represents an estimate of the requirements of the hospitals in Alberta to meet their operating costs for the current year.

Coupled with an additional payment of approximately half a million dollars which was mailed out on June 30 of this year, cheques indicate recognition of the increasing costs which were incurred by the hospitals during the calendar year 1964 as a result of placing additional beds in operation, price level changes and changing level of care.

It has been customary in the past to make payments to the hospitals on June 30 and December 31, with an additional final payment to be made in the early part of the following year when the financial statements for the previous year have been reviewed. In certain instances this placed a financial burden on hospitals where the amount of the final payment was significant. Insofar as the provincial government does not pick up the item of interest on overdraft as an operating expense, it was considered advisable the December additional payment should be brought into line as being more realistic in respect to the amount owing to the hospitals at that date. As a result, the payment which is being made to the hospitals is designed to provide the hospitals with essentially the amounts which would be available at the time of the final settlement.

However, a review will still be made of the audited financial statements and where additional payments are deemed to be warranted, these will be made at a later date.

The establishment of the payment base will enable the province to establish the rate which will be paid to the hospitals in the subsequent year effective January 1st, rather than previously where this adjustment of rate had to be made retroactively after the review of the financial statements had been made.

These changes in procedure are designed to enable the hospitals to obtain the payment in regard to the services which they are rendering, closer to the time when they are required to make the outlay for these services. This will relieve to some degree the financial obligations which they faced under the former procedures.

This current payment to the hospitals is designed to meet the estimated costs which the hospitals will incur up to the end of the calendar year. It may still leave certain hospitals in a deficit position, estimated at approximately one and one-quarter million dollars. In the previous year, after final settlement, the deficiency amounted to approximately one and one-half million dollars for comparable hospitals. Some adjustment might be made to this figure on the final review of the financial statements. The total of additional payments for the year 1964 amounts to approximately 5 per cent of the total payment made to hospitals towards operating costs.

Regular monthly payments now being made to hospitals throughout Alberta amount to between \$4 and \$5 million.

Canada Theatre

The work of Canadian film artist Norman McLaren is noted for his many experimental film animation techniques.

His National Film Board cartoon film A Christmas Cracker, entered by NFB in the eighth annual San Francisco International Film Festival this fall, romped home with a Golden Gate Award as best animated short.

The film is in color and was the

only Canadian film to win out.

The San Francisco competition is the only "A" Festival in the U.S.A., and is recognized by the International Federation of Associations of Film Producers, a world wide organization. McLaren's earlier interpretation in fluid lines and color of jazz music played by the Oscar Peterson Trio, is titled Begone Dull Care. The main title is in eight languages and the film has won seven International Film Awards.

The artist makes play with laws relating to persistence of vision and after-image on the retina of the eye. By engraving non-representational visuals direct on blank emulsion-coated film in interrupted sequence, he achieves a "new you see it, now you don't" effect. Blinky Blank is an example of this technique.

Bogie-Doodle is another such film made without a camera.

A Chairy Tale is a sort of modern fairy tale, a kind of simple ballet or 'pas de deux', of a youth and a kitchen chair. The youth tries to sit but the chair declines to be sat upon! Accompanying music is played on the stringed star and the drum-like tabla by two musicians from India.

DOTS was made without use of camera or sound equipment, in which both sound and visuals are created entirely by the artist, — drawing directly upon the film with ordinary pen and ink.

Fiddle-De-Dee is a fantasy of dancing music and color in which the artist translates Listen to the Mocking Bird played by an old-time fiddler, into brilliant patterns which ripple, flow, flicker and blend. It has won five awards.

In the film Le Merle he imparts unusual activity to an old French-Canadian nonsense song. Simple, white cut-outs on pastel backgrounds provide lively illustrations of what happens to the blackbird.

With Neighbors, Norman McLaren employs his pixillation technique to the full, combining drawings, puppets and live actors. It is a parable about two friends, living side by side, who come to blows over possession of a simple flower, with the maddest consequences.

The action is accompanied only by synthetic music and sound effects. This film has won many festival awards and is perhaps his

best known production.

There are others. If you are interested in new and original films, see some of them. Ask your film librarian about them. — Clayton Bricker.

TV TALK

Jan. 2nd - 8th

This Business of Farming, a television short course in farming techniques, equipment and administration, will be seen on 16 stations throughout the prairie provinces Monday, January 4th to Friday, January 8th at 10:30 p.m.

Hosted by CBC farm broadcasts regional supervisor Lionel Moore, the programs are the joint venture of the CBC, the federal and provincial departments of agriculture, the prairie universities and the co-operating television stations.

Here is a run-down of the daily topics:

Jan. 4th—Farm Machinery.
Jan. 5th—Forage for Livestock.
Jan. 6th—Swine Production.
Jan. 7th—Family Farm Management, Part I.
Jan. 8th—Family Farm Management, Part 2.

With the increasing complexity of farm operation these programs are designed to keep the independent farmer well informed.

The Valiant Years, a much-acclaimed documentary series based on Sir Winston Churchill's six-volume memoirs, The Second World War, will return Sunday afternoon, January 3rd at 3 p.m. Narrators of the series will be actors Richard Burton and Gary Merrill.

The sultry songstress Lena Horne swings her way through an hour of great tunes on Monday's "Show of the Week", at 8 p.m. Noted English actor James Mason will be Miss Horne's guest star and will join the ranks of the singers with his rendition of "With'er 'ead Tucked Underneath'er Arm".

Backing up Lena Horne on her sultry blues and swinging jazz tunes will be the Jack Parnell Orchestra.

A new series of 12 programs, ranging from melodrama to satirical revue and concentrating on contemporary life and its problems, will begin Tuesday, January 5th at 10:30 p.m. The series is entitled Eya Opener and opens as its first show "The Blind Eye and the Deaf

Ear", a new play by Leslie MacFarlane. Pointing out man's apathy to his neighbors' problems, the play was suggested by last winter's brutal murder of Kitty Genovese, a young New York woman.

This week's Festival offering is "The Birthday Party", a drama by Harold Pinter. Jeremy Wilkin and Bernard Goldman star in the play which is set in a seedy boarding house and centres around a birthday party which turns out to be a sinister affair due to the presence of two mysterious and unexpected guests. The opening curtain goes up at 9:30 p.m., Wednesday, January 6th.

Some men have a passion for trains, running them, building models, recording their history. Friday, January 3rd at 9:30 p.m. Telescope explores this passion showing the men who devote their spare time to studying the history, making sound recordings and restoring old trains. A devotee, Charles Bowman, explains his interest in trains to Telescope host, Fletcher Markle.

Good Visibility Vital At All Times

Stop and go on slippery roads has been a big factor in the record number of property damage accidents during Safe Driving Week. The same lack of traction slows traffic and causes impatient people to follow too closely and take other chances. These observations were made by B. M. Huffman, Traffic Engineer of the City of Edmonton and chairman of the Traffic Safety committee of Alberta Safety Council.

Mr. Huffman had other practical suggestions for safe winter driving. "Good visibility is vital at all times, but in winter it poses special problems. Heater and defroster must be efficient to keep the inside of the glass clear. On the outside, there is nothing better than a scraper and a brush. Never smear lemon, glycerine or bees wax on the glass. They only make a mess. Dead wiper blades should be replaced and the windshield washer tank should be filled with proper solution.

Never use the parking lights when the car is in motion. They tend to distort the distance to on-

coming drivers. When visibility is reduced, use headlights.

On speeding up traffic, Mr. Huffman said that cars equipped with modern snow tires have a great advantage except that they are often held up by those with regular tires. In soft snow or slush snow tires give half again as much pulling power as regular tires.

On ice or hard packed snow, he said that reinforced tire chains are the best aid to control. Snow tires are only a little better than ordinary tires on ice.

How fast do fish swim?

How fast do fish really swim? Until recently 60 miles per hour was thought reasonable for a really fast fish. Now recent experiments at Alforden Research Laboratory and Cambridge University with fresh water fish show that they do not swim at such high speeds.

So far, the highest accurately recorded speed is 27 miles per hour for four feet by a barracuda in American waters. The speed was measured by a piscatometer—an instrument made from a fishing line fitted with accurate gauges to measure the tension on the line, and the speed at which it runs out.

IN MEMORIAM

In Loving Memory of Mrs. Kathryn Asa, who passed away December 11, 1963.

None knew her but to love her; No one named her but in praise.

Ever remembered by The Ash Family.

The following students, attending University in Edmonton, spent the Yuletide holidays with relatives and friends in the Pass: Misses Susan Jones and Ralphina DeLuca; Messrs. Brian Johnson, Joseph Aiello and Denis Collier.

BIRTHS

Born to Mr. and Mrs. A. Thompson, a son on December 3.

Born to Mr. and Mrs. John Randahl, a son on December 15.

Born to Mr. and Mrs. Benny Campbell, a daughter on December 11th.

Mr. and Mrs. Harry White (nee Margaret Wesko) of Morinville, Alberta proudly announce the birth of their second son, Colin William, born at the General Hospital, Edmonton, December 17th, 1964. A wee brother for Patti, Laurie and Bradley. The proud grandparents are Mr. and Mrs. William Wesko.

Pass Music Festival Set For Late March

March 22, 23 and 24 were dates announced by the secretary, Don Thornton for the annual Crows Nest Pass Musical Festival.

Mr. Thornton, addressing Blairmore Lions Club, also announced that L. H. Brown of Regina, Sask., would be the adjudicator.

Lion member Lud Margatak who is also the officer commanding the Blairmore RCEME (M), reported to the club that the unit is in the process of disbanding.

He presented the Lions, on behalf of the unit, framed photos of the Queen and Prince Philip that had hung in the RCEME armories.

In Memoriam

In Loving Memory of Mrs. Kathryn Ash, Who Passed Away December 11, 1963.

"To Memory Ever Dear"
Sadly missed by her daughter Audrey Smith and family.

To Our Subscribers

The Journal regrets that owing to increased costs in publication, commencing in 1965 the yearly subscription rate will be \$2.50 and 10c per single copy. Yearly rates outside of Canada will be \$3.00.
